

# CHILD DIANETICS

## Dianetic Processing for Children

Introduction by  
L. Ron Hubbard

Published October 1951

**Child Dianetics** was compiled from the research and lecture materials of L. Ron Hubbard by the staff of the Hubbard Dianetic Foundation of Los Angeles, California, in January 1951 (before *Science of Survival*) and published at Wichita, Kansas. L. Ron Hubbard wrote the Introduction in August 1951 about the same time as the book was actually typeset. There he tells about this book:

*"Child Dianetics is being published to fill a need.*

*"It is staff collected and staff written except for this introduction and that, necessarily, takes quite a while. Dianetics meanwhile has advanced considerably. The 'Theta-MEST' theory, Validation Processing, MEST Processing and other developments can spot considerable additional light on Child Dianetics. This book is published because of demand, not because it is up to date."*

In his introduction, Ron tells adults about raising children: "The main problem with children is not so much how to process them to sanity as it is to live with them. The adult is the problem in child raising, not the child."

After a chapter on the Basic Dianetics Principles comes a chapter centering on "contagion of aberration." The Standard Dianetic Technique of the time is described and illustrated with many examples. The complete text of several sessions is reprinted so one can get reality on just how they were actually run.

At the end there is a look to the future of Child Dianetics and an excellent summary of Preventative Dianetics, Educational Dianetics, Dianetic First Aid, Dianetic Processing and Things to Remember.
